"My Life" Timeline Due Wednesday, September 7th

You will create a timeline of your life! Follow the guidelines below:

1) Choose 10 events from your life and write the year next to each one. You don't have to have an event for every year (example: My first day of school, 2005 and Learned piano, 2009). Use the space below to brainstorm.

2) Now construct a timeline beginning with the year you were born. Add each of the next years in order and space them equally. Continue your timeline to the year 2016.

3) Write a title for your timeline. (5 points)

4) Enter the events accurately. (5 points)

5) Illustrate at least 5 events with drawings, photos, or cutouts. (5 points)

6) Write your full name (first & last) and class period on the back of your timeline.

Event	Year
